

Art of Caregiving - Impact Survey

Your participation in this survey is completely **voluntary**. Surveys will be handled in a way that will preserve **confidentiality** of all participants. Please answer all questions to the best of your ability. However, you may **skip** any question that you do not wish to answer and **stop** at any time without penalty or loss of access to programs at the BBAC. We sincerely appreciate your help with this evaluation.

1. Do you believe the *Art of Caregiving*, provided you with a period of needed respite? If yes, please explain:

2. Over the course of the program, instructors and special guests offered tools for additional respite (some were art-related, while others focused on self-care). Have you had the opportunity to incorporate any of these tools into your own life? If yes, please explain:

3. Since the time you began attending the *Art of Caregiving*, would you say your relationship with the person/people for whom you provide caregiving services has improved? If yes, please provide specific examples of your improved relationship/s, including whether you believe the program played a part in the improvements:

4. Please share any other thoughts you may have regarding the impact of the *Art of Caregiving* program on your life:

**Thank you for taking the time to offer additional feedback on your experience in the Art of Caregiving program at the BBAC! Your responses allow us to continue improving services to carry out our vision:
"Art for All!"**
