## From the President & CEO

"Creativity is piercing the mundane to find the marvelous." — Bill Moyers

As I write this we are on the cusp of summer and it is hard to think about our glorious next season — Fall. But as we always do, the planning never stops and we work very hard to make sure that the BBAC is YOUR place to find YOUR creative juices.

It's not just children who go back to school! Whether you're a beginner or an experience artist, there is a studio classroom just for you. We have new instructors and classes that are just around the corner. Maybe this year is the year to explore a new medium?

And as the planning continues, the upcoming exhibitions are sure to inspire and excite. Daniel Cascardo's solo exhibition opens August 23rd and we are honored to host the *Michigan Ceramics 2024 Biennial Exhibition & Competition* by the MCAA opening September 27th. Do I dare mention *Shop & Champagne*??!

I also want to include my heartfelt thanks to everyone who contributed to our spring appeal and who will join us at another annual Fine Art of Summer.

So as the days get a bit shorter, and the crisp air and brilliant colors surround you, escape the mundane and go find your marvelous!

Best regards,

Annie VanGeldereren, President & CEO

## Artist Statement:

Clay. With a press of a finger the form can be completely changed. The soul of a ceramic vessel can be altered. Other materials such as metal and wood steal away the urgency of the mind and our judgment becomes clouded with reason and logic. Clay has the ability to transfer and record movement in a dimensional and tangible way where paint and other mark making materials seem to fall short (to me.) Clay has a life, it has a cycle and in this cycle the clay experiences a sort of alternative time from our own. Every pot from start to finish has its own life during its process into becoming a ceramic.

## MIXED MEDIA

### New Class!

#### Abstract Expressionist Collage

N

**Instructor:** Sheri Lee Robinson

Let's get abstract...with collage!

In the mood to make some drawings and paintings and then rip them into pieces? I am! Let me guide through this cathartic and transformative creative process.

Together, we will create a small body of work whose sole purpose will be to be re-crafted into a brand new collection of abstract collages on paper.

This satisfying, multi-faceted process teaches the artist about the act of freely creating art with the intention of deconstructing it in order to give birth to a new, rearranged, complex work of art. We will spend time focusing on the history of collage and will look at the work of several major Abstract Expressionist artists such as Robert Motherwell, Lee Krasner and Willem De Kooning for examples and inspiration. I also will share several examples from my own studio and will teach the exciting mixed media process that I employ to create my work. Our focus will be on abstract compositions, but you may also create or use existing subjective initial pieces that can then be taken apart and used in your abstract collage.

Already have some drawings and paintings at home that maybe are not working? Bring them in and use them! Old photos? Letters? Bring them along to be transformed into new art.

Prepare to have a lot of fun and to leave with a brand new body of work. See you in the studio!

PAINTING

**Mondays**

**Painting: The Intuitive Self-Portrait**

**Instructor: Sheri Lee Robinson**

Let's take a look...at ourselves! Artists throughout the centuries have used self-portraits as a means of self-exploration, self-expression, and self-promotion. These artworks often serve as a visual autobiography, capturing the artist at a particular moment in time and revealing something about their personality, emotions, and creative process.

Self-portraits can take on various styles and approaches, depending on your intention and artistic technique. In this new course, we will be focusing on the abstract, gestural, loose, intuitive and surrealist side of capturing our likenesses (or un-likenesses!) on canvas and on paper using a wide array of wet and dry media. Through the process of creating this type of intuitive self-portrait, or in the case of this course, several intuitive self-portraits, you may gain a deeper understanding of yourself, your higher-self, your emotions, and your creative place in the world. Together we will explore these concepts using various techniques and a wide variety of materials to capture our wonderful visages...or just our vibes. Anything can happen when you let yourself feel totally free in front of a blank canvas or page. How wonderful is that?

Join me in the studio for this journey into the creative self. See you there!

There are no prerequisites for this class and no painting or drawing experience necessary.

Intensive art instruction and mentoring are provided in preparation for college entry. A typical teen spends one to three years at the BBAC, completing core curriculum and elective art classes, interning with an artist or instructor, and completing a digital portfolio for college applications.

ArtBridge is free for participants, who are recommended by their teachers or principals. While there is intermittent support from foundations, the BBAC remains committed to maintaining this important program with or without outside funding.

### ArtBridge in Detroit

Since 2016, the BBAC has been providing a weekly art curriculum including an instructor and materials plus an after-school program to a Detroit middle school — all at no charge to the school or students. For six years prior to our arrival, the school had no art programming. We continue our outreach with a new partnership with Detroit Public Schools.

ArtBridge in Detroit is supported by:

**Harriet Siden**

### **The Art of Caregiving®**

The needs of caregivers — whether professional or family members — are often overlooked.

Our program — **FREE OF CHARGE** — is designed to provide an outlet with creative relief from the daily routine. Sessions include networking, informal discussion, and different art projects. No experience is required.

We send participants home with a kit containing supplies and materials reflecting that day's art session. Caregivers can choose to share this with the person they care for or use it themselves.

### **Meet Me @ the BBAC**

Art-looking and art-making experiences for individuals with early and mid-stage Alzheimer's or dementia are offered for groups from human service agencies throughout the region as well as individuals still living at home.

In a typical session, we spend about a half-hour looking at and talking about artwork in a current BBAC exhibit, then everyone moves to the art studio to create their own artwork based on what we've just seen. Each person leaves with their completed project.

### **Studio 1®**

The BBAC, in partnership with human service agencies, provides art instruction for groups of individuals with a range of cognitive, physical, and/or emotional challenges.

Partners have included FAR, Oakland County Children's Village, Angel's Place, and Friendship Club.

Studio 1®, which began in 2008 when our vision of "art for all" was just emerging, remains a driving force behind our ArtAccess offerings.

### Planet Lori Art Camp

Lori Haber Buckfire passed away from ovarian cancer at the age of 41. She was an artist, and passionate about children and helping others fighting the battle against cancer.

Each summer, for one week, the BBAC hosts Planet Lori Art Camp for 50+ children who had, or have a parent or close relative with cancer.

The camp is financially supported by the Lori Haber Buckfire Foundation so there is no charge for the campers.

## ACCESS =

A means of approaching or entering a place; the right or opportunity to use or benefit from something.

ArtAccess @ the BBAC is an essential component of meeting our mission to provide high quality, relevant services to the community and region, regardless of geographic, physical, cognitive or emotional "boundaries"...

- Individuals with mental and/or physical challenges.
- Young, talented students from underserved communities.
- Older adults with dementia.
- Those who care for the elderly (caregivers).
- Busy people who benefit from an "art break".

Everyone is welcome.

The BBAC's vision statement is "art for all" and we have been celebrating that since 1957.

## Jeannie Anderson Scholarship

Jeannie Anderson was a BBAC student many years ago. Shown below is a sculpture she made with her daughter as a model. The lovely little statue graces our hill on the north side of the building. Jeannie believed that everyone deserved art experiences; and with this scholarship her family will help make that possible for years to come. This scholarship is funded by Family & Friends of Jeannie Anderson.

# THANKS VERY MUCH

We are grateful to everyone who supports the BBAC in our year-end & spring appeals. More than a half-century ago, a group of community artists formed this art center & started the vision of “art for all.” That simple phrase guides us daily & we are proud to contribute meaningfully to the vitality of our region.
